Additional Options Available
Current to January 1, 2015

For your comfort and safety, all of our Cape Cod Series modular homes are approved and inspected for conformance to the California Building Code (CBC/IBC).

Dimensions are stated to industry standards. Width and length dimensions are nominal and are not to be used for setup of home on site. The square footage is approximate and based upon nominal exterior floor size. Room sizes are measured from floor ends and wall centers.

Because of progressive product improvements, all prices & specifications are subject to change without prior notice or obligation by the factory. Cutting Edge Homes Inc., an independent company that is not an agent of the factory, is the party responsible for your purchase contract and any additions, deletions, alterations, or attachments made to or in your home.
